Press Release

A Tropical Oasis on “The Other Side” of Boracay

There’s magic in Boracay that keeps travelers coming back for more. The question is: Have we seen all it has to offer or could we be leaving some gems undiscovered? For instance, a quick 15-minute ride going North from Stations 1, 2, and 3 may give you a whole new perspective of what more Boracay has in store.

As you enter Boracay Newcoast, you will find 150-hectare land with lush greeneries and fresh possibilities. This is the first and only township in Boracay Island, an integrated tourism estate developed by Megaworld subsidiary, Global-Estate Resorts (GERI).

Mabuhay and welcome to your home! Belmont Hotel Boracay is a 4-star hotel under the Megaworld Hotels and Resorts, the Philippines’ largest homegrown hotel group in the country with almost 4,000 room keys to date. The hotel has 3 clusters namely Ridge, Island, and Shore, which comprise a total of 442 well-appointed rooms made for the comfort of solo travelers, couples, large groups, and families.
